make YOUR Home Happy

SPREADING Happiness—that's really the Larkin business! To-day, more than a million homes in America are happier because of the Larkin Plan, by which the money that buys the household supplies also helps largely to furnish the home.

Many wives and mothers have been given the happiness that comes with the possession of fine furniture, rich rugs, lovely lamps, shining silverware and many other enduring things that make homes cheerful, comfortable and complete—things that, as many tell us, they might not otherwise have enjoyed.

Have the Home You've Longed For!

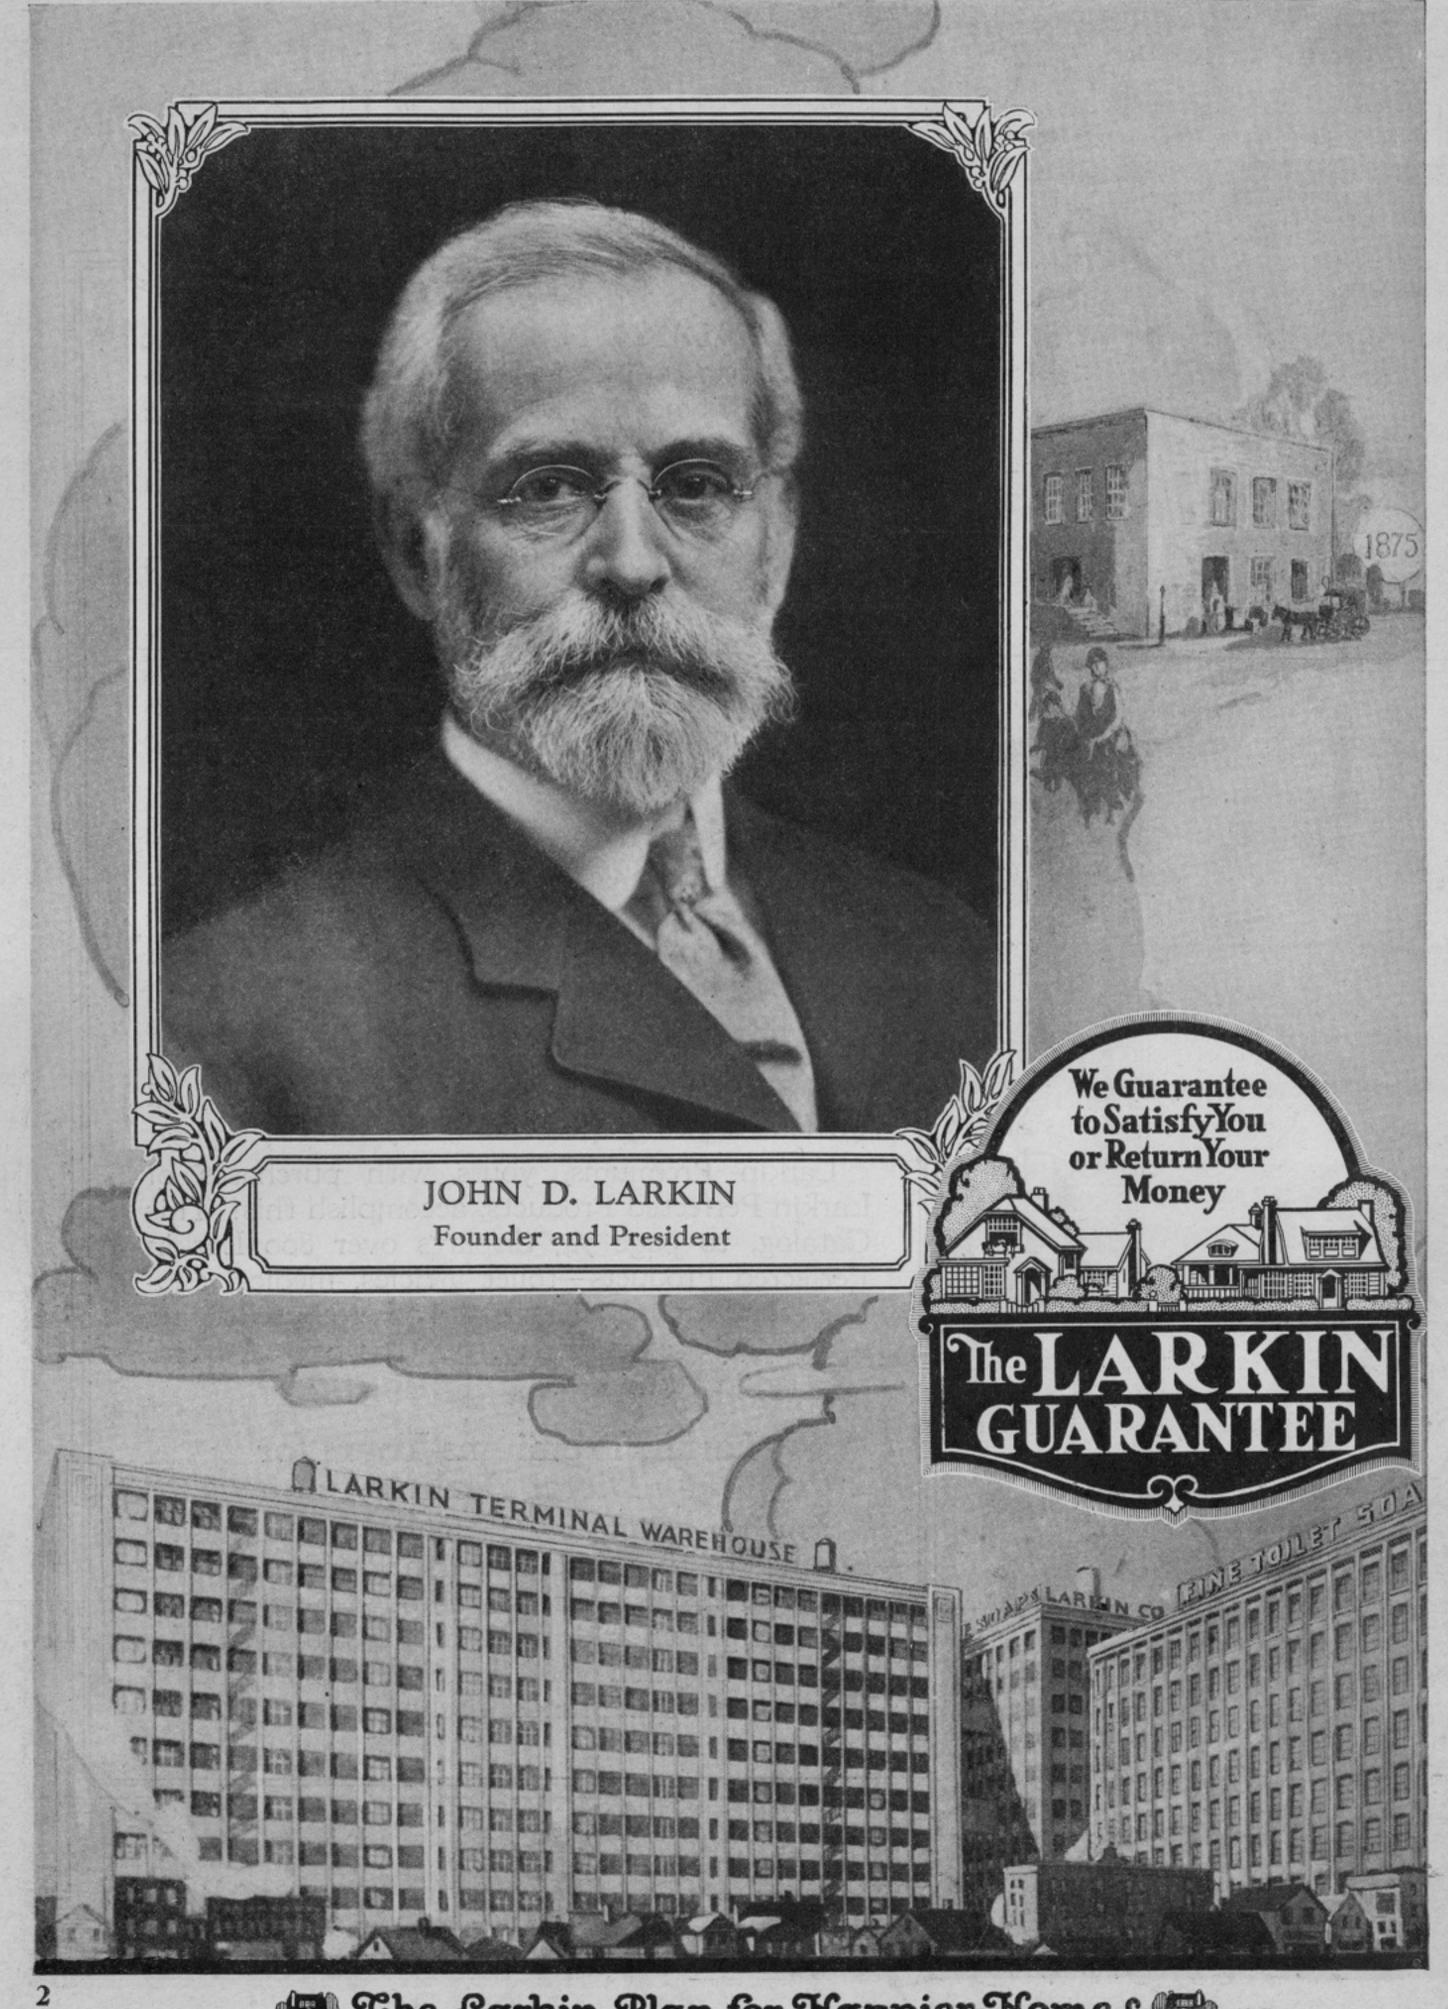

Is your home all that you want it to be? Pictured here is just a suggestion of the comforts the Larkin Plan will help to make yours, a hint of the joys your home can hold. You, too, can furnish your home as you long to have it, and provide smart apparel, jewelry and delightful personal belongings for your loved ones and yourself, all without drawing upon the family funds.

Larkin Premiums, yours with purchases of Larkin Perfected Products, accomplish this! This Catalog, to page 74, displays over 800 Larkin Perfected Products—toilet articles, medical supplies, foods, soaps, utensils and other housekeeping needs you use every day. On the pages beyond are Larkin Premiums.

Larkin Premiums Yours for Direct Dealing

You can secure any Premium by purchasing Larkin Products. Your Larkin Premium, representing the saving you make through direct dealing with the great Larkin Factories, is yours to beautify and brighten your home, just for spending your housekeeping funds wisely.

REPORT TO THE PER MINERAL PROPERTY.

FIFTY YEARS

THIS year marks the Golden Anniversary of the founding of the great Larkin business—now nation-wide in its scope. Your every transaction with Larkin Co is backed by a fifty-year reputation for fair dealing.

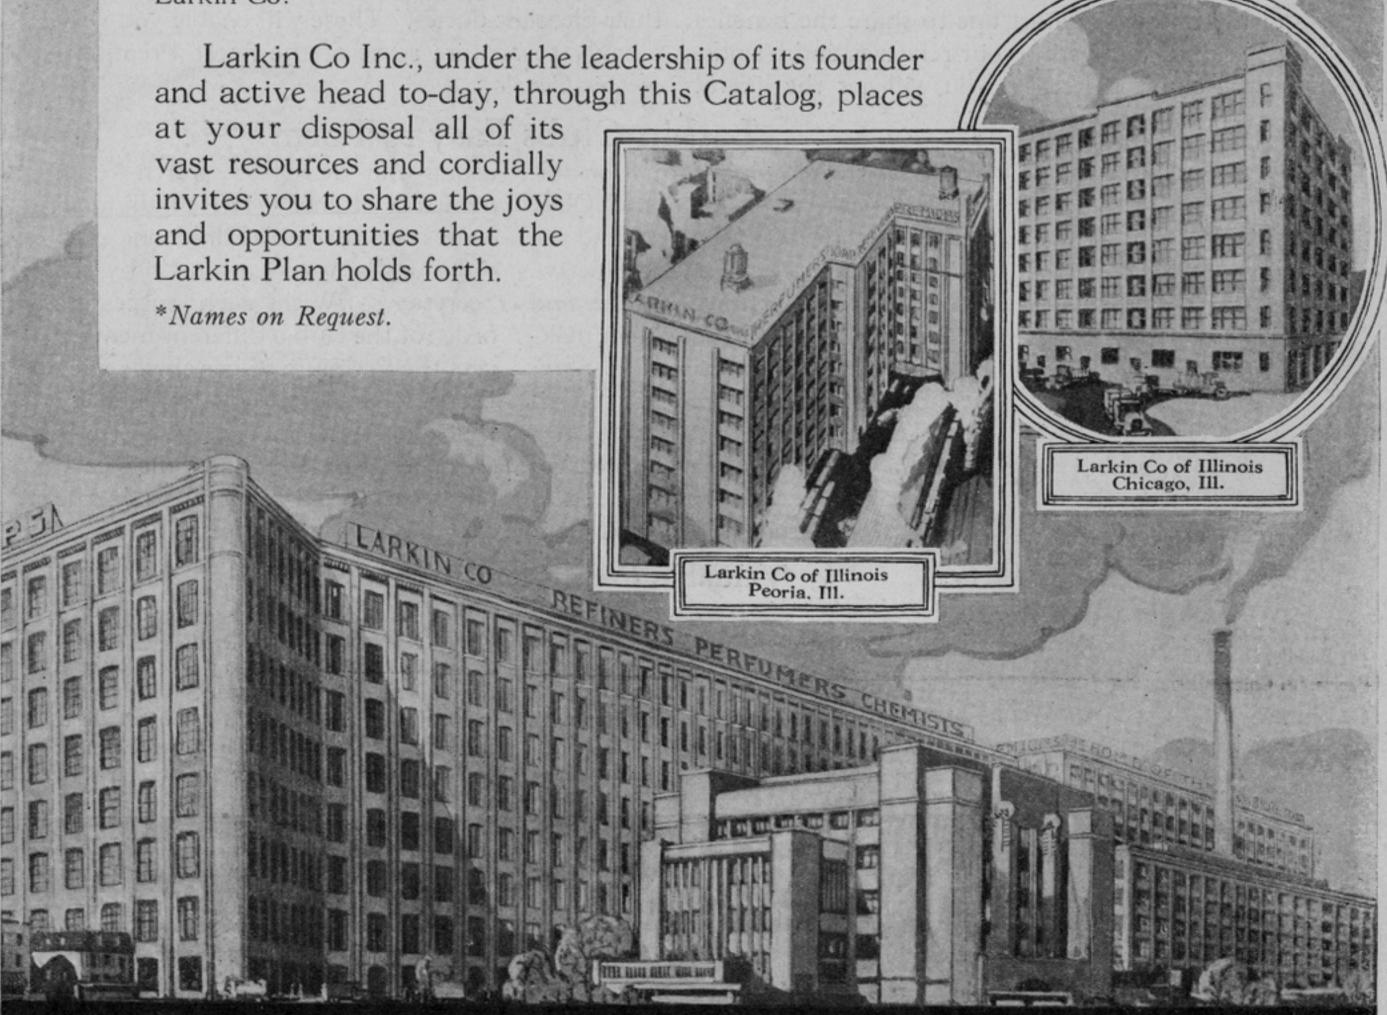

During this half-century, the home of Larkin Perfected Products has grown steadily from a humble beginning in a little two-floor building to the immense, busy factories, pictured below, serving more than a million satisfied customers.

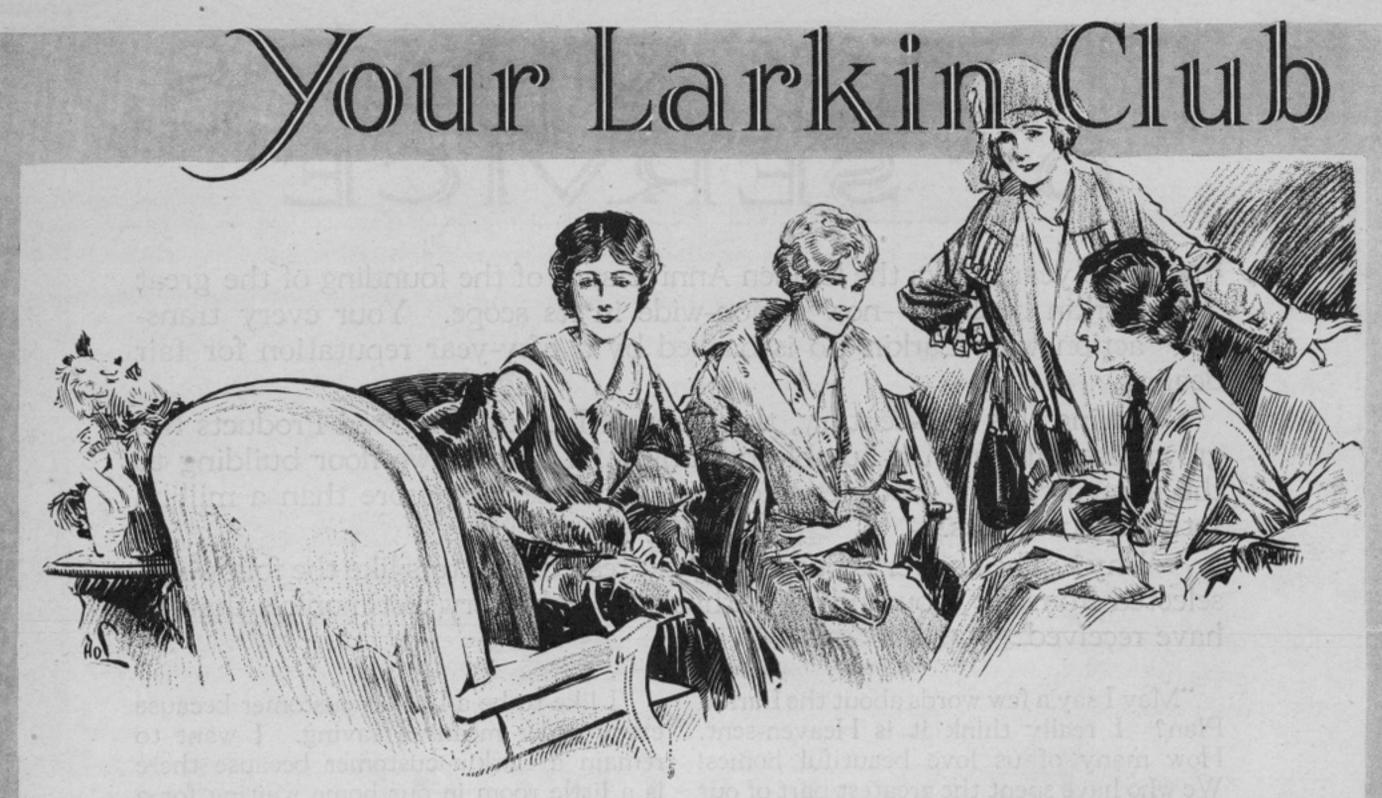

Why? The answer is beautifully expressed in letters like the following* selected from the thousands of enthusiastic voluntary testimonials that we have received:

"May I say a few words about the Larkin Plan? I really think it is Heaven-sent. How many of us love beautiful homes! We who have spent the greatest part of our time there know what it means to have a home that is a pleasure to live in.

The Larkin Plan gives us all the opportunity to have beautiful things. Oh, I thank you for the inspiration that started Larkin Co!"

"I like to be a Larkin customer because every order means a saving. I want to remain a Larkin customer because there is a little room in our home waiting for a pretty lamp, a bookcase, a comfy chair, and my fern is trying hard to grow big enough for one of those dear ferneries I've wanted so long. Larkin Co is the housewife's 'gold mine'!"

THE popular way to obtain Larkin Premiums is through a Larkin Club—of which there are more than 75,000 to-day. This is simply a little group of five, or ten or more friends and neighbors joined to profit in true co-operation by the Larkin Plan and to enjoy the good times such clubbing permits.

Gentlemen:

Please mail me the booklet, "The Larkin Secretary and Her Club," which tells how to start and run a Larkin Club. Larkin Clubs Easy to Form

From the simple information fol- usually at least \$2 worth—each lowing, you can easily start YOUR club. Meanwhile, however, send the Coupon below for the attractive booklet, "The Larkin Secretary and Her Club," as a further aid in making a success of the delightful, sparetime vocation, "being a Larkin Secretary."

In a Larkin Club, each member buys an agreed amount of Larkin Perfected Products (pages 9 to 74)—

month or oftener. These individual orders are assembled into one club order and sent to Larkin Co by the Secretary. With each successive order of the club a different member gets the Premium of her choice with the purchase of Products made by the club. Members take turns choosing their Premium until each has received a Premium, when the club begins a new series.

Valuable Premiums Quickly Secured

For example, in the popular Larkin Clubof-Five each member buys \$2 worth of Larkin Products once a month or oftener. Each order, therefore, amounts to \$10 and entitles one member to any Premium with a \$10 purchase of Products. Thus every five months each member gets a Premium.

In the jolly Larkin Club-of-Ten each member buys, say, \$2 worth of Larkin Products. Thus the total club order each month is \$20. This allows every member in turn any Premium with a \$20 purchase. In Clubs-of-Ten at \$1 per share each member chooses a Premium with a \$10 purchase.

is waiting for YOU!

LITTLE Larkin Club-of-Five is so easy to form—just you and four others! Jot down Lathe names of four relatives and friends mother or sister, your neighbor next-door, the minister's wife, the school teacher. Ask them to join your club! Show them, in your Larkin Catalog, that, by a \$2 purchase—here instead of elsewhere—of Products for five months, they may have any \$10 Premium with little or no cost.

Tell these friends what Larkin Products include: toilet preparations, pharmacals, pure foods, soaps, laundry supplies, cutlery, china, notions, stationery, jewelry, apparel, paints, wall-paper, in fact, almost everything but staple groceries that they buy daily at stores. Show them how they can have lasting home improvements just by wisely spending their housekeeping money on the Larkin Factory-to-Family Plan.

Everybody Likes the Club-of-Ten

Often you can as easily organize a Larkin Clubof-Ten, nearly always with just a little additional effort, and greatly increase your Rewards (see page 7). For when you've invited your own folks and your friends, you already may have seven or eight members beside yourself. Members like this

club, too, for they get a more valuable Premium. Each member buys \$2 worth of Larkin Products with each club order and, the ten members in turn, choose a Premium offered with a \$20 purchase of Larkin Products. A popular way to start a Larkin Club is to have a little party.

From ten orders of the club your Rewards will total \$50 in Larkin Coupons.

If, when your own turn comes to select the Premium, you ask for Larkin Coupons instead, you will receive \$20 more in Coupons. This, with the \$50 Rewards makes a total of \$70, which will bring you any Premium or Premiums amounting to \$70 in Coupons.

As a matter of fact, you will probably find that by the time ten orders are sent, you have much more than \$70 in Coupons, due to your rewards on the extra purchases made by your club members. Larkin Perfected Products fill so many daily needs and their quality is so delightful that members will often order much more than club shares.

Thus you will have more than enough Coupons to obtain this beautiful Chaise Lounge 533 (fully described on page 153)—Premium with a \$72 purchase.

By encouraging your members to do this—explaining that by taking Coupons for such "excess orders" they can quickly acquire a fund of Coupons to obtain larger Premiums—you can easily secure large orders each time. How quickly your Rewards will mount then, the table shows.

For the Beauty of the Hair

Soft, silky hair is one of the most alluring feminine charms. Happily, beautiful, luxuriant hair can be cultivated by the simplest sort of care.

Loss of hair and premature baldness, dandruff, excessive oiliness, or dryness of the scalp, lifelessness and brittleness of the hair, are mostly due to an unhealthy condition of the scalp.

This condition may be prevented by simple precautions.

The first need is regular shampooing—say every two weeks—with Larkin Egg or Liquid Tar Shampoo.

Brush the hair gently its full length, night and morning. Avoid harshness which, though it may save time, tends to break and split the hair. Also each day gently massage the scalp with the finger tips and apply Larkin Quinine Hair Tonic.

Your reward will be fresh-looking, glossy sparkling hair, youthful and bright.

For the Beauty of the Hair

Soft, silky hair is one of the most alluring feminine charms. Happily, beautiful, luxuriant hair can be cultivated by the simplest sort of care.

Loss of hair and premature baldness, dandruff, excessive oiliness, or dryness of the scalp, lifelessness and brittleness of the hair, are mostly due to an unhealthy condition of the scalp.

This condition may be prevented by simple precautions. The first need is regular shampooing—say every two weeks—with Larkin Egg or Liquid Tar Shampoo.

Brush the hair gently its full length, night and morning. Avoid harshness which, though it may save time, tends to break and split the hair. Also each day gently massage the scalp with the finger tips and apply Larkin Quinine Hair Tonic.

Your reward will be fresh-looking, glossy sparkling hair, youthful and bright.

Trade mark and Patent Pending Platinum, a rare and expensive precious metal that only the few can possess, has been copied in white gold.

White gold is expensive, but fashion dictates a white metal. And along comes Silval-Gold, the new precious metal made with an outer wearing-surface of pure seamless 12-K. white gold and a core of sterling silver.

This new combination has the advantage of being far less expensive than platinum and still achieves its appearance.

Shipping Information Parcel Parcel

Prompt Shipment Prompt Delivery

Goods Delivered to Your Home

ANYWHERE in the United States, Parcel Post will bring Larkin goods to you quickly, conveniently and economically. The popularity of Parcel Post shipment is greater every year.

Beginning with this Catalog, therefore, we have sought to make it easier for you to determine the postage your order will require. The description of every mailable offer, both Products and Premiums, shows the amount of postage to include to have your order sent by prepaid Parcel Post. If your order is composed of a number of mailable offers the postage is the total of the individual postage.

If you prefer, we will send your order by Parcel Post, postage collect. You then remit us only the cost of the goods and pay the postage on delivery. Thus you avert necessity of computing the amount of postage to remit.

If the words, "Shipping Weight" appear at the end of the description, the article cannot be mailed and must be shipped by freight or express.

Leave the Method of Shipment to Us

Our Traffic Department often can save you money, if you leave the method of shipment to us. When we cannot ship to advantage by Parcel Post, we ship by Freight or Express, whichever is cheaper and better. We will, however, ship in the way you request, although that way may be more expensive, if you explain your preference. For example, you might write on your order "Ship by Express for October 12 wedding."

Customers Pay Transportation Charges

Freight and delivery, Parcel Post, or Express charges should be paid by club members and customers. To cover this expense, many club Secretaries charge 5 cents to 10 cents on each dollar's worth of goods ordered, depending upon the average transportation charge to their homes, collecting this from club members and customers with the money for goods ordered.

In Premium clubs, the member who gets the Premium usually pays freight and delivery charges for the entire order. Thus, all take turns bearing this expense. Or this cost may be divided equally among the members each time.

Of course, the consumer always pays the cost of transportation of whatever she buys at stores, too. Retail merchants frequently have to include several charges for freight and handling in their selling prices, but you pay only one on goods from the Larkin Factories.

Former

Most articles offered in the last previous Catalog and omitted from this, can still be furnished.

It pays to save your Larkin Catalogs for future reference.

Safe Delivery Guaranteed

We guarantee safe delivery of all we ship. We refund promptly any Freight or Express over-charges. Whenever you think you have been over-charged for Freight or Express, send us the receipted bill.

Products and Premiums are usually shipped together. When, to save you cost, a Premium is shipped direct from maker, the offer tells from where shipment is made.

If any goods are damaged or lost, report to us at once. Also notify your Freight or Express Agent immediately.

All goods are rigidly inspected and leave our factories in good condition. Always examine goods sent by Freight or Express at station before removing. If anything is damaged or missing, have agent write it on the Freight or Express bill. Send endorsed bill to us and we will adjust the matter immediately. If damage or loss is not discovered until goods, are at your home, notify your Freight or Express Agent within 24 hours.

We consider no transaction closed until our customer is completely satisfied.

What "Shipped K. D." Means

This term, used in some offers of furniture, means "knocked down" or taken apart, so that smaller, compact crates may be used for packing. This reduces our packing costs, making our prices to you lower. Furniture so packed takes lower freight rates, too, reducing the freight charges you pay.

All our K. D. furniture is easily set up in a few moments with a screw-driver, wrench or hammer, as only the chief parts are unassembled. The few minutes required to reassemble the parts according to simple instructions furnished, return you a big profit in lower prices and freight charges.

Our Next Catalog

A copy of our next Catalog, which will be ready about January 15, 1926, will be mailed promptly to all Club Secretaries. We will gladly send it on request to any one.

Same construction as pads offered above. To find square feet in table, multiply extreme length of table, without leaves, in inches, by extreme width in inches. Divide this product by 144; the result is the square feet in table. For example: If table is 52 in. long and 48 in. wide, there are 2496 in., or (divided by 144) 17½ square feet. Determine square feet in leaves by same method.

For round tables, give diameter only, without leaves. For square-cornered tables, give length and width, without leaves. For leaves, give length and width of each. For tables not perfectly round or not square-cornered, we must have a paper pattern of one-half of the top showing the exact size and shape of the corners. The Radio Set with Perfect Tone!

ERE is a Radio Set so remarkable, so wonderful, so truly incomparable in the *one* thing that gives the *real* enjoyment to radio reception that it is in a class by itself. The feature that puts the Larcoflex far in advance of others is its pure, rich, perfect TONE. It offers you to-day—now—the tone quality that other makers will try to give you in the future!

By actual comparison, the Larcoflex will demonstrate that it has no superior, regardless of price, in radio reception. It will get the important stations of the U.S. when any set at any price will get them. Moreover, it will bring them in more clearly than any set we know of. Stations a thousand miles away and more come in with ease on the loud-speaker; even England has been heard thus.

You can cut out local stations with ease and tune in the distant cities. In other words, listen any time, anywhere, to what you will. The volume which the Larcoflex gives is most unusual. All this is accomplished by a compact, three-tube set, with its consequent economy and simplicity of operation—the performance of five tubes in any other circuit, without the "howling" of multi-tube sets.

The beautiful cabinet with fluted corner posts is made with top and ends of genuine walnut; trimmings, red gumwood; in your choice of imitation walnut or mahogany with a rich piano finish. The panel of genuine bakelite adds the finishing touch. The workmanship is of the highest order, resulting in an appearance which easily equals the highest priced receivers on the market.

Pay While You Enjoy It! The Larcoflex is not given as a Larkin Premium but sold on the convenient easy-payment plan. The low easy-payment price is payable in small monthly installments. Sectional Bookcase

This sectional Bookcase, which can be extended as your library increases, is the most efficient, economical security for your books as you acquire them. You add sections only as you need them, and pay for no unused shelf space. Besides, its variable height admits it into a variety of places, such as under a window or in a nook. A

sensible and deservedly popular type of bookcase. Choice of two popular finishes.

The "Bookcase complete" consists of one Base, one Top and one each, 9-, 11-, and 13-in. Units. Units are 34 in wide and 12 in. deep and of three heights, 9, 11 and 13 in inside measurements. The top is 21/4 in. high and base, 8 in. Free-operating doors. Natural-finished maple back. Shipped K. D., see page 75.

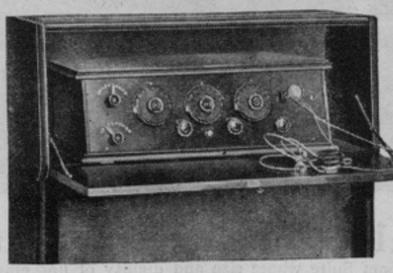

"A blessed companion is a book—a book that fitly chosen is a life-long friend."—Old Quotation.

Carefully selected books are friends and, like friends, they should be valued. Second in importance only to the selection of books is their proper housing. A sectional bookcase is the most popular type and certainly the most sensible.

Many knots, a feature of Tennessee Red Cedar, enhance its value. Besides increasing the beauty of the chest, these knots are infused with oil of cedar, the source of the aromatic cedar odor. The charm of the chest lies in the characteristic white-and-red coloring in contrast with the darker knots.

Perfection of polished finish and genuine copper decorations (as shown) enhance their beauty. Attractively designed and carefully constructed. Lock, sliding casters, bag of cedar shavings.

636 Six-section Radi

A simple, practical, and highly efficient heating unit, which makes it possibly for you to extend steam heating with all its comfort to one hard-to-heat or a rooms of your home. Each radiator is a complete heating plant in itself, operated by gas, so that you have the convenience and economy of individual heat-control

The home equipped with "Gas-Steam" Radiators will have no coal to order to store or shovel; no ashes to dispose of; no smoke and soot to discolor wall and furniture. In addition, the space of furnace and coal can be utilized fo other purposes. Most important of all, there is always heat on tap, as ready as the gas, when and where wanted.

You get one hundred per cent of the heat value in the gas; and you burn gas only as heat is needed—a big saving. By an automatic regulator, when five pounds of steam has been attained, the flow of gas is reduced to one-third.

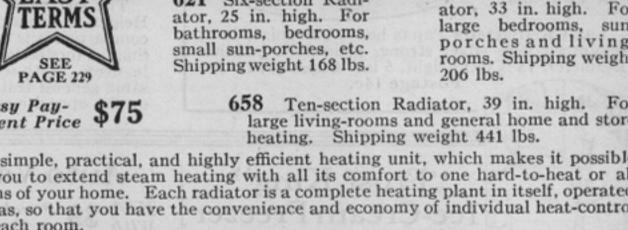

3 or 4 weeks when in constant use. Made by the American Radiator Company, the world's largest makers of heating equipment. Three-column type. Unfinished; can be painted to harmonize with home furnishings.
An important function of "Gas-Steam"

Radiators is the automatic production of odorless pure water vapor to maintain the relative humidity of the room at the point most conducive to health and physical comfort.

Larco Electric Washers

No woman anywhere need continue to bend over a wash-board and stand for hours turning clothes through the wringer, when for so little cash outlay either of these wonderful Larco Electric Washers may be had. Clean table- and bed-linens, snowy white garments, beautiful curtains, fleecy blankets and immaculate bed-spreads you may have—all without toilsome work. The largest family washing may usually be placed on the line in less than two hours, and when the clothes are hung up—spotless and clean—you will have no tired arms or aching back.

With these Washers, little effort of yours is required to complete the wash ready for the line—silent electric current does the work. In each case, the clothes are placed in the cylinder or tub of the washer and rocked in an oscillating manner which tosses the hot soap suds over and through the clothes with a figure eight motion. The soap dissolves the grease, dust and dirt and the water expels it The action cannot tear or injure the most delicate fabrics.

Then the power wringer is ready to relieve you of the usual drudgery of turning the wringer—which, as most women agree is the hardest part of a wash. A lever starts the wringer-rolls operating either forward or backward as desired, forcing the maximum amount of water from the clothes. *Prestol* Your work is done!

The capacity of each washer is six full-size bed-sheets or 12 shirts or their equal. The frame is of sturdy cast-iron and steel construction. Sides are Armco iron—non-rusting. The finish is handsome gray enamel. Large, easy-rolling casters. Each equipped with high-grade one-quarter H. P. electric motor, which easily runs both washer and wringer at the same time. Quiet, simple driving unit, having splash system of oiling and self-lubricating bearings; cut gears. All moving parts fully enclosed. Swinging, reversible cast-iron wringer, gray enameled and rustless; 12-in. rubber rolls; locks in various positions; quick emergency release. Easy running and noiseless.

The Larco Electric Washer Washes Everything—from Dainty Lingerie to Greasy Overalls—Easily, Quickly and Spotlessly Clean.

Order All You Need-At Small Cost

Every woman takes much pleasure in the possession of beautiful silver. Getting along with too little, or without the proper pieces sometimes proves embarrassing. A hostess dislikes to have her lack of silverware apparent to guests.

"1847 Rogers Bros." will give service for a lifetime. It has been tested and found true for more than three-quarters of a century. Its beautiful design and durability will give you lasting satisfaction. An unqualified guaranteewithout time limit—covers every piece. Thorough dependability, due to unusually heavy silverplating makes "1847 Rogers Bros." a favorite

with discriminating generations.

To do without enough silverware is now quite unnecessary. For you may provide all you need—and that of 1847 Rogers Bros. quality—quite reasonably. reaspoons in the beautiful Anniversary or Ambassador patterns cost only \$3.60 a half dozen. The other pieces—table knives and forks, dessert spoons, salad forks-are priced as moderately.

The sensible thing is to have enough "1847 Rogers Bros." Silverplate for your every-day use and for entertaining. Then you won't have to wash knives, forks and spoons before another course can be served.

Shpg. Wt. 22 lbs. THE Electric Vacuum-Cleaner to-day is a household necessity! Women everywhere realize its convenience and time-saving value. The electric power that lights the home will do the cleaning work better and quicker than the old broom, leaving more time for social pleasures, for rest and recreation.

The Niagara has every important improvement that makes a perfect vacuum-cleaner. Its chief qualities are (1) its powerful suction and (2) it has no brush to obstruct

the nozzle and wear out the rugs. You are free from the necessity of frequently removing the threads, hair, etc., that quickly and persistently clog brushtype machines.

In every home there is fine, troddenin, carpet-cutting grit that can only be removed from carpets and rugs with a vacuum-cleaner possessing the powerful suction of our Niagara. After you have used the Niagara a few days, you'll fully realize this as did Mrs. G. W. Stevens, Rowayton, Conn., who writes: "The dirt in the dust-bag proves that a broom cannot get all the dirt in one's home. With your Vacuum - Cleaner I can clean five rooms as quickly as two by the old method."

The aluminum and steel Niagara stands many years use. Powerful motor. 12-in. adjustable nozzle, designed to reach any corner and operate close to furniture without marring. It is quickly adjusted for different rugs. Easy-running, on rollerbearing wheels, requiring little effort to operate. Complete with long flexible cord and separable plug.

It is sold with the Larkin Guarantee on 30 days' trial. The pile of dust and dirt it gathers from your carpets and rugs at the first cleaning will greatly surprise you.

Send Only \$3 with Order; then Pay the Same Small Sum Monthly

Motor operates on direct- or alternatingcurrent of 100 to 120 volts and 25 to 60 cycles. State voltage when ordering. For other voltage or cycles, write before ordering-we can probably supply.

FURNISH COMPLETE ON THIS POPULAR

"Beyond Expectations"

Larkin Co:

I am very glad to tell you how well pleased I am with my furnishings. They proved to be away beyond my expectations. The finish, design and construction are every bit as good if not better than some I have looked at in our local stores on which the prices were much higher than yours. I think the Better Homes Plan is a very convenient way for people of moderate circumstances to improve the furnishings of their homes.

Mrs. Harry Edmunds, Oneonta, New York.

ON the Better Homes Plan you start, as if it were, a savings account with us. You select the furnishings desired, and we send all of them at once for your enjoyment while making the monthly payments. Could anything be more convenient?

Enjoy Use of the Furnishings While Paying for Them

Purchasing home furnishings piece by piece is often tedious. One yearns to see a whole room made new or an entire new home comfortably furnished. To open the door to the immediate achievement of this longing, we here offer you the opportunity of ordering on this popular Better Homes Easy-Payment plan. Your dreams of years to possess a truly beautiful home may now be realized.

On this Better Homes Plan you at once obtain all the needed furnishings, then pay for them in a pleasant, dignified way. We cordially invite you to take full advantage of this convenient method for making home more comfortable and attractive.

The method of ordering on the Better Homes Plan is easy to understand. On the pages following we tell you the simple way to immediately secure for the enjoyment of family and friends any of the beautiful furnishings listed on pages 233 to 237, and illustrated and described throughout the pages of this catalog.

For this convenience of immediate possession you pay no fancy prices. Our Better Homes easy-payment prices are as a rule considerably less than cash prices in stores for furnishings of equal merit. On this cheerful credit plan your furnishings are thus obtained at a decided saving with only a few dollars outlay each month. The small amount required with order is also something which is greatly appreciated by our customers.

We Trust Honest People Everywhere

On the Larkin Better Homes Plan you can furnish one or two rooms or the whole house—without worry or inconvenience. You simply enclose the down payment with order, then mail the balance in small amounts monthly. There are no collectors to bother you—no publicity. You place the furnishings in your home and enjoy their use immediately.

Turn to pages 233 to 237 for complete list and prices of all furnishings sold on the Better Homes Plan. The pages on which the furnishings may be found illustrated and described are plainly indicated.

This extension of the Better Homes Plan is simply another way of putting to the fullest use our tremendous buying power and manufacturing facilities. The greater volume of business means further economies in distribution of goods, which savings make possible lower prices for our customers.

Larkin Co:

I greatly appreciated the prompt attention to my order. The excellence of workmanship and finish of your furniture is much admired by all. The extremely liberal terms you grant your customers on the Better Homes Plan, and the pleasure and convenience afforded in the use of the furnishings while payments are being completed, are unrivaled. I am always glad to recommend your firm and your admirable Better Homes Plan.

Edward Wilson, Wadesboro, N.C.

NOW is the time to prepare for the long winter evenings, when the whole family naturally gathers together a little closer, and the cheery and uplifting influence of cozy and attractive furnishings are most fully appreciated.

YOUR HOME AT ONCE BETTER HOMES PLAN

A LL of the room scenes shown on these two pages were taken in the homes of Larkin customers who have furnished their rooms on the popular Better Homes Plan. These pictures demonstrate better than words how delightfully furnished are these homes.

A Few Cents a Day Soon Pays for What You Need

THE popularity of this Easy-Payment plan is due largely to the fact that it makes saving a necessity. We all know that most folks, ourselves included, never really begin saving money till we have something worthwhile for which to save.

Few families would to-day be living in their own homes if they had waited until their bank account showed they had sufficient to pay for a home. Nearly every one realizes that the Easy-Payment plan is the only way in which the average family may hope to have a home of their own. Home lovers everywhere are also learning that the home can be most easily furnished in this same convenient way. It was for this reason that we decided to establish the Better Homes Plan.

It is surprising how a few cents saved each day soon amounts to a large sum—sufficient to pay for the most beautiful furnishings.

Orders May Be Small or Large

A saving of only a dime a day—\$3 a month—will bring you many of the attractive, serviceable furnishings in this catalog. Seems too good to be true, doesn't it—to get long-wanted things for your home and pay monthly at the rate of only 10c a day. For two dimes a day—\$6 a month—a much larger selection may be made. Surely, any family can save and lay aside such a small sum while making the monthly payments. See the Table of Terms on page 232.

You may desire only a few things, or wish to furnish several rooms this convenient Better Homes way. Our liberal terms make it possible to furnish an entire home if you wish.

On these larger orders we give up to 18 month's time. Think of it! A whole year and a half to enjoy use of the furnishings while paying a few dollars monthly.

This Better Homes Plan opens the way for you to furnish your home as you would like to have it. Get at once all the furnishings you need. The payments are made in the pleasantest way imaginable. After comparing our prices with those in your locality you'll quickly learn the big saving to be made by buying the Larkin way.

Turn to pages 233 to 237 for complete list of all furnishings sold on this Better Homes Plan.

"All You Claim"

Larkin Co:

I find Larkin Better Homes furnishings incomparable, both in quality and prices. Your prices on easy-payment plan are quite as reasonable as cash prices here in town. Am always glad to recommend Larkin furnishings. I have been using Larkin goods for years. Your goods are always all you claim them to be. Your Better Homes Plan offers the most liberal terms imaginable.

Mrs. Charles B. McReynolds, Bluefield, W. Va.

You may send any size order on the Better Homes Plan with the assurance of absolute satisfaction. You pay little by little, monthly. Even when ordering a considerable number of furnishings, these amounts are never very large.

Satisfaction Guaranteed

Whether you have previously dealt with us or not, you may rest assured of being completely protected in any transaction. Our guarantee of absolute satisfaction or money refunded stands back of every item in this

catalog.

We guarantee every article we ship to be exactly as described and that it will arrive in good condition. If, after receiving your furnishings, you find they are not equal to our claims for them, notify us within 30 days. and we will give instructions for return of the goods, and will refund your First Payment and pay transportation charges both ways.

You Save by Paying the Freight

Our prices do not include freight charges. Were we to pay the freight, our prices would all have to be advanced to cover that charge. This would be unfair to many customers. Some would pay too much, others not enough. The customer 50 miles distant would pay the same price as the one 500 or more miles away though the freight charges on shipment to customer farthest away would be very much greater. The only fair and just plan is for each customer to pay the prices named in this catalog plus the freight from shipping point to customer's town.

Special Terms

The table of Terms below shows the payments on any size order for furnishings listed on pages 233 to 237. Special liberal terms are offered on the following:-

The Niagara and the Sweet Home Electric Vacuum-Cleaners, page 224, \$3 monthly.

First payment also is only \$3.

The Symphonola, pages 156-157, is offered on especially attractive terms: Style R at \$4 monthly, Style G at \$4 monthly, and Style H at \$6 monthly. Portable Phonograph, \$3 monthly. First payment, same small amounts.

The Larcoflex Radio Set, page 158, at \$110, \$20 with order, then \$11.25 a month.

IN serving more than a mil-I lion customers, our experience has shown that these earnest folks are keen to recognize real values. They know a bargain when they see it.

The purchase of a Piano or a Player-Piano is an important event in any home. It is desirable to get a highquality instrument; also the price should be

reasonable.

Our Better Homes Plan of selling enables us to offer big savings on Pianos and Player-Pianos. On most models our prices are at least \$100 less than the very same quality instrument would cost in your local music stores.

Expertly Made—Handsomely Finished

The scale of the Symphonic Piano and Player-Piano is scientifically correct. Full 71/2 octaves. The action is unusually responsive and elastic. Soundingboard is of seasoned Vermont spruce. Metal plate-or harp -on the Symphonic extends from extreme bottom to extreme top, permitting use of full-length strings. Only selected tested piano wire is used. Heavily

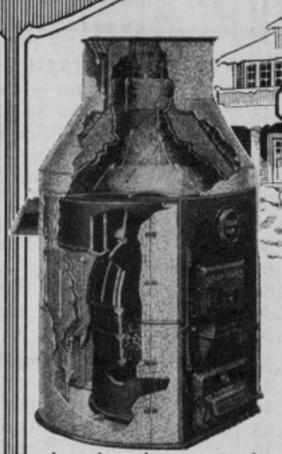

nickel-plated pressure bar. Extra heavy, best-quality felt hammers. Back is heavily reinforced with maple Spruce ribs and solid-rock maple bridges. Case is double veneered inside and out on a center base, or core, of hardwood and is impervious to atmospheric changes. The veneers are quarter-sawed, which brings out the beautiful natural grain of the wood, this being further enhanced under skillful attention of expert varnishers and polishers.

\$8 to \$12 Brings You a Symphonic Piano or Player

No home should be without a handsome Piano or Player-Piano. Let us place in your home AT ONCE the famous Symphonic Piano, played by hand. Keeps the Whole House Warm and Comfortable

MANY families using stoves for IVI heating find it necessary to occupy only a portion of their homes dur-

ing the winter months. For weeks at a time one or more rooms are practically shut up and the family deprived of its usual freedom and comfort.

No longer is it necessary to continue such unsatisfactory conditions. Every home can now be comfortably heated without the use of stoves. The ideal method for heating such homes is to install a Pipeless Furnace. Any handy man can easily install it.

Have you not often longed for a heating system that would not require the several stoves which are now used to provide the necessary warmth for your

When the cold, driving winds of winter pile the snow high around your house, then it is that thoughts fill your mind of what you might have done to make more comfortable the home and family that is so dear to you.

The cheery comfort derived from furnace heat may now be yours to enjoy -if you act now.

Everyone using stoves knows the endless work and inconvenience of carrying coal and ashes, to say nothing of the lack of sufficient heat in portions of the house for the proper comfort and health of family and friends.

Contrast this, if you will, with a home heated with the Better Homes Pipeless Furnace. In one case the furnace is down in the basement out of the way. One fire and one coal pile are sufficient for heating the whole house. All dust

and dirt connected with coal and ashes are kept from the rooms above. The floors are free from stoves. Rugs and carpets are not disturbed. The rooms are constantly flooded with warm circulating air that is kept at a uniform temperature. How different is the home dependent upon stoves for its winter's heat!

For Old or New Houses

The Better Homes Pipeless Furnace needs no pipes or flues extending to the several rooms of the house. A single floor register is placed directly above the furnace. Through the center of this register the warm air rises into the room and the cold air is drawn to the furnace through the cold-air portion of the same register. The warm air rising goes at once to the ceiling and then as it cools and descends it is drawn back to the furnace to be reheated, again rising into the rooms. The heated air passes through doorways and other openings into the different rooms. The heated air is diffused so freely there is little difference found in the temperature of the various

Of course, this furnace is just the thing for New Homes, being very economical to install. Also popular for stores, halls, schools and churches.
